

Recommendation for Roofer, Robert Gendreau ,.....  
presented by Joyce Knappe of Moody, Maine

I am a repeat customer of Robert Gendreau and give Rob my highest recommendation based on his work ethic, clean-up and delivery of doing what he states he will do. I first met Rob in 2011, when I decided to go with him to do my roof of twenty-plus years on my Shapleigh(Maine) home. Am I glad I did! He did such a professional job in one day and returned the next day to check for any nails/debris that may have been left behind (for he worked into the dusk hours of that August day.)

The roofing job he did on my Moody home (on 05/30/13) was even BETTER, I feel, for he now had more workers and each had assigned jobs to make the job go even faster and smoother. Rob is extremely organized and delivers his materials/trailer the day before (if the yard area permits), so that the next start day, he and all workers are fresh and "ready to go!" The area surrounding my home was entirely tarped, so that the old scraped-off shingles would not damage my bushes, shrubs and stairs. Once the old shingles were removed, Rob examined the roof surface carefully and did the nail-gunning of the new shingles HIMSELF (with his workers always ready to lay down a new shingle to make the job go fast and efficiently.) A new bundle was always set to go.

Roofing is a grueling job and is a major expense for a homeowner. Of course every homeowner wishes to get the best job for the best/fairest price. With Rob Gendreau, you will receive a most professional job for the fairest price.

Feel free to contact me, if you want verification of my recommendation for Robert Gendreau.

Most sincerely,

Joyce Knappe, a very satisfied customer
